## HOBBIES AND INTERESTS

 **Sport, Hiking and Food**

I really enjoy sports, especially basketball, which I've been playing since I was six years old. I have a passion for hiking in the mountains, not only for the physical challenge but also to connect with nature and take a break from daily life. Lastly, I love to eat well: going to different restaurants in my area to try new foods and review them on Google.

## ORGANISATIONAL SKILLS

 **Teamwork, Leadership and Adaptability**

Acquired through 14 years of playing basketball and leading my team as captain for many years. I also developed adaptability by playing in different teams throughout my basketball career and working in various work environments.
