TECHNICAL SKILLS

Python SQL PostgreSQL MongoDB
Power BI DAX Pandas NumPy
SARIMA Scikit-learn Statsmodels
AWS Azure Docker Git R / RStudio
Matplotlib Seaborn

SOFT SKILLS

- Leadership (14 yrs captain)
- Analytical Thinking
- Team Collaboration
- Adaptability
- Continuous Learning

HOBBIES

- 🏀 Basketball (since age 6)
- ⚡ Mountain Hiking
- 🍷 Culinary Exploration

Dario Casavecchia

Big Data Specialist · Data Engineer · Python · SQL · Power BI · Time Series

PROFESSIONAL SUMMARY

Data Engineer and forecasting specialist with hands-on experience in Python-based **time series analysis**, data warehouse design, and Business Intelligence. Currently at **STORVIX AB** (Sweden, Erasmus+) applying Big Data skills in production. Unique blend of financial acumen and data science expertise — bridging technical implementation with business strategy. Proven leader with 14 years of competitive basketball as team captain, bringing structured analytical thinking to every project.

WORK EXPERIENCE

Data Scientist

Jan 2026 – Present | Erasmus+ International Internship

STORVIX AB · Lund, Sweden

- › Developing predictive models & pipelines for the **AVALoN** project on intelligent data storage optimization.
- › Applying **time series forecasting** and statistical modeling in a production data science environment.
- › Collaborating with international teams to deliver data-driven insights for strategic decisions.
- › *Stack: Python · SQL · SARIMA · Power BI · Azure · Git*

Product Assembler / Quality Supervisor

Sep 2023 – Feb 2024

SECOM Srl · Sesto San Giovanni, Milan

- › Precision assembly of industrial power inverters, maintaining strict quality & safety standards.
- › Supervised cable management systems and quality compliance across production lines.

Financial Accountant (Internship)

Feb 2022 – Mar 2022

Studio Galbusera · Merate, Italy

- › Verified F24 taxpayer records and reconciled corporate financial statements.
- › Developed data validation skills foundational to current data quality work.

KEY PROJECTS

Time Series – Pacific Fish Births

SARIMA models on 40 years of biological data (1968–87); seasonal decomposition & anomaly detection.

Python SARIMA Statsmodels Seaborn

Truck Sales Forecasting

Production-ready SARIMA pipeline for monthly truck sales with AIC/BIC model selection. 94% accuracy.

Python SARIMA Scikit-learn Pandas

Pizza BI Dashboard

Full Power BI dashboard: revenue trends, customer segmentation, peak times & KPI tracking.

Power BI DAX SQL Excel

NBA Player Efficiency Analysis

Statistical analysis of 2023–24 NBA data using Bayes' theorem & probability models.

Python Pandas Scikit-learn Seaborn

EDUCATION

Higher VET Certificate — Big Data Specialist (EQF Level 5)

Oct 2024 – Jul 2026

ITS Academy Angelo Rizzoli · Milan, Italy

1,160h lectures + 840h internship · Python · SQL/NoSQL · Time Series · BI & Data Warehouse · R · Data Viz

High School Diploma — Administration, Finance & Marketing (EQF Level 4)

Sep 2018 – Jul 2023

ISS Francesco Viganò · Merate, Italy

Business Economics · Finance & Banking · Accounting · Business Law · Political Economy
